

## P1 Programme

At St Vincent's Primary School, our Catholic ethos is central to everything we do. Guided by our motto, "Kindness is the key to hearts," we strive to provide a safe, nurturing and happy environment where every child feels valued, respected and supported to succeed. Our school values of Kindness, Fairness, Friendship, Respect and Resilience underpin daily life in our school and are reflected in our relationships, learning and care for one another.

Working in close partnership with parents and carers, our parish and the wider community, we hold high expectations for all learners. This important journey begins with our youngest learners. As your child prepares to start Primary 1, we are delighted to welcome you into the St Vincent's community. Our P1 Induction Programme has been carefully designed to provide a positive and supportive introduction to school life, helping children to feel secure, confident and excited as they begin this new chapter.
