Maths Week Scotland Photo Competition

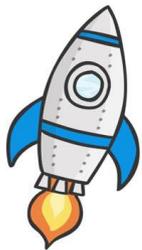

As part of Maths Week Scotland, we are once again holding our very own 'Maths Photo Competition' for 2023. The **10 best entries** will then be submitted to the 'Inside Maths' national maths photo competition and our **Top 3 Entries** will win a prize! Last year we had 2 winners in the national competition so this year could be your chance!

1

To enter:

1. Take a photograph (on a phone, tablet, camera) which shows maths in the world around us in the categories: 'Oot and about' (maths in the world around you), 'The 'Why' of shapes' (why are certain shapes used in buildings, why is a bicycle wheel the shape it is etc.) and finally 'Maths in Motion' (think speed/distance/time, think about why a ball rolls down a hill - do balls of different sizes roll at different speeds? How fast can you run?)

2. Write a small explanation (1 or 2 sentences) explaining your photo and how it links to 'maths' (ask for help from an adult if you need to!)

3. Send your photo and 'explanation' to:

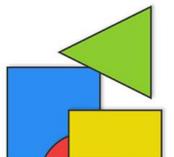

- your Google Classroom

OR

- The school office email address: office@st-vincents-pri.s-lanark.sch.uk

OR

- Bring a copy of the photo and explanation in to your class teacher.

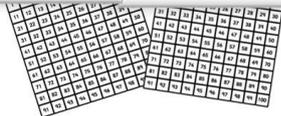

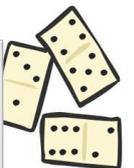

Remember:

6

- ❖ Entries must be handed in no later than **Friday 29th September**.
- ❖ The more creative the photo, the better
- ❖ Look at shape, pattern, money, measurement, calculations and see if you can 'snap' yourself a prize!
